

SelaQui International School

SelaQui International School considers ragging to be anti-social and believes that it has no place in an academic institution. We consider it our duty to ensure that this social menace does not hamper the growth of students in our school. We have formulated a policy and many procedures to help prevent ragging in the first place and to discipline any student who engages in such behavior. We define ragging as any disorderly conduct which causes annoyance, hardship or psychological harm or fear or apprehension which adversely affects the physique or psyche of a fresher or a junior student.

Some specific examples of acts of “ragging” are:

- a. Any act that prevents disrupts or disturbs the regular academic activity of a student.
- b. Exploiting services of junior students for completing academic tasks assigned to an individual or a group of seniors.
- c. Any act of financial extortion or forceful expenditure burden put on junior student/(s) by senior/(s).
- d. Any act of physical abuse, including all varieties, sexual, homo-sexual assault, and stripping, forcing obscene and lewd acts, gestures, causing bodily harm or any other danger to health or person.

Ragging has several aspects including psychological, social, political, economic, cultural and academic dimensions. The psychological aspects of ragging have been seen to cause permanent damage to the victim's personality. Such treatment of young and impressionable minds could result in traumatizing them and damaging their personalities beyond repair in the formative years of their lives.

EDUCATION

SelaQui International School encourages socialization of students to the academic environment of the school and discourages and seeks to prevent any acts by senior students who seek to undermine the academic or social development of the younger students. We therefore follow a “No Tolerance” policy towards ragging and therefore have systems in place to prevent such acts taking place. To this end we have the following procedures:

1. Address of the Headmaster

The Headmaster in his meeting with the students and their parents/ guardians assures them about full protection and support against any attempts of ragging by seniors. He briefly introduces the 'Anti Ragging Policy' of the School. The efforts during such meetings are directed towards achieving socio-academic integration of entrants into the new environment with a feeling of trust towards the School. Regular reminders are given by the Headmaster during school assemblies to encourage students to build a supportive environment and to live in harmony.

2. Counseling by House Mentor

House Mentors attached to the School provide counseling to the 'freshers' in order to enable them to adjust to the residential life on campus. Our student appointees are given the additional task of nurturing the new comers and familiarizing them with the campus, rules, regulations and academics. This peer group also supports them to mix and mingle with the rest of the students in the school in a friendly manner.

3. Watch and Ward Arrangements

All the dormitories, where the students are accommodated, are monitored by a House Mentor and a full time warden Assistant House Mentor (AHM). In addition, there are several security personnel who monitor the safety and security of the students.

4. Student and Parent/Guardian Declaration

All students upon admission to the school sign the declaration stating that they are aware of this policy and shall not engage in any acts of ragging. Parents/Guardians of these students too sign the declaration that they have read the policy and are willing to abide by the terms thereof. A copy of this declaration is kept in the student file.

5. Disciplinary Actions for Ragging

Although we seek to prevent any acts of ragging before they occur, such acts may happen. In these cases, the concerned student is referred to the Disciplinary Committee and action is taken according to the school guidelines depending upon the severity of the incident. A student involved in ragging others is likely to be expelled.
