

SelaQui International School

SelaQui International School considers ragging/bullying to be anti-social and believes that it has no place in an academic institution. We consider it our duty to ensure that this social menace does not hamper the growth of students in our school. We have formulated a policy and many procedures to help prevent ragging in the first place and to discipline any student who engages such behavior. SelaQui International School

SelaQui International School encourages socialization of students to the academic environment of the school and discourages and seeks to prevent any acts by senior students or peer group who seek to undermine the academic or social development of the younger students or batch mates. We therefore follow a 'No Tolerance' policy towards ragging and therefore have systems in place to prevent such acts taking place. To this end we have the following procedures.

Address of the Headmaster:

The Headmaster in his meeting with the students and their parents/guardians assures them about full protection and support against any attempts of ragging by seniors. He briefly introduces the 'Anti Ragging Policy' of the school. The efforts during such meeting are directed towards achieving socio-academic integration of entrants in to the new environment with a feeling of trust towards the school. Regular reminders are given by the Headmaster during school assemblies to encourage students to build a supportive environment and to live in harmony.

Counseling by Housemaster and Tutor:

Housemasters attached to the boarding houses provide counseling to the 'freshers' in order to enable them to adjust to the residential life on campus. Our student appointees are given the additional task of nurturing the new comers and familiarizing them with the campus, rules, regulations and academics. This peer group also supports them to mix and mingle with the rest of the students in the school in a friendly manner.

Watch and Ward Arrangements:

All the dormitories, where the students are accommodated, are monitored by a Housemaster and a Resident Tutor and full time Warden Assistant Housemaster (AHM). In addition, there are several security personnel who monitor the safety and security of the students.

Close-Circuit Camera:

Close circuit cameras are installed at various locations around school premises to monitor the safety and security of the students.

Student and Parent/Guardian Declaration:

All students upon admission to the school sign the declaration stating that they are aware of this policy and shall not engage in any acts of ragging/bullying. Parents/Guardians of these students too sign the declaration that they have read the policy and are willing to abide by the terms thereof. A copy of this declaration is kept in the student file.

Disciplinary Actions for Ragging/Bullying:

Although we seek to prevent any acts of ragging before they occur, such acts may happen. In these cases, the concerned student is referred to the Disciplinary Committee and action is initiated after thorough investigation.
