**TO WHOMSOEVER IT MAY CONCERN**

This is to certify that the Structural Design of the Buildings at the SELAQUI INTERNATIONAL SCHOOL, Selakui, Chakrata Road, Dehradun have been designed by us. These buildings are:

1. The Academic Blocks
2. The Boys Hostels
3. The Girls Hostels
4. The Faculty Housing
5. The Dining, Kitchen and Canteen Blocks
6. The Infirmary
7. The HM res., the Chairman's res., and the Guest House.
8. The Swimming Pool support Blocks
9. The New Art & Music Block.
10. The Gate / Security Complex.
11. The Sub Station and Pump House.

These structures have been designed in accordance with the provisions of the National Building Code and relevant Indian Standard Codes (With the Latest Amendments), including Indian Standard Codes for "Structures Resistant to Earthquake" and natural hazards. The local soil condition, its bearing capacity and underground water table have all been taken into account in the structural design.

These buildings are structurally safe and can be used as a residential school for approximately next 10 years.
