SELAQUI INTERNATIONAL SCHOOL LEAVE /OUTINGS RULE

We would be very happy to welcome parents and visitors but such visits are regulated with a view to cause minimal disturbance or distraction to students and teachers in their daily routines. Also, there is a need to bring uniformity in visits and outings so that every student gets equal treatment in school. Many a time parents who are living inclose vicinity would want to drop in unannounced or more frequently. Such visits are not encouraged by the School

Leave Rules:

- 1) No student is allowed leave during Term time unless approved by the Pastoral coordinator or Headmaster.
- 2) If a student must go home due to some health/ unforeseen circumstances/marriage in the family etc, a formal application has to be made to school for such leave.
- 3) No leave is granted for religious festival sunless it fall son a Sunday.
- 4) Medical/Dental Leave will be granted by the Headmaster in consultation with school doctor. On return the student should deposit all medical certificates/documents etc. with school doctor.
- 5) Students may be granted leave for marriage of their brothers/sisters and immediate family members (Aunt/

ANTI-BULLYING POLICY AT SELAQUI INTERNATIONAL SCHOOL

Every child at SelaQui enjoys equal rights and access to resources, teaching and learning irrespective of his or her background, race, religion or caste. The school endeavors to provide a safe and happy living space for every child. The School has a zero tolerance policy on bullying and provides makes every effort to sensitise the students and prevent any occurrence in classrooms, dormitories or other school spaces.

The school encourages good behavior and believes in trust in and respecting every child and has measures in place to protect the dignity and self-esteem of every child.

Definition of Bullying: Bullying is behaviour by an individual or group, repeated over time, that intentionally hurts another individual or group either physically or emotionally. Bullying can take many forms (for instance, peer bullying, physical bullying, name calling, social exclusion, cyber-bullying via text messages or the internet), and is often motivated by prejudice against particular groups, for example on grounds of race, religion, gender, sexual orientation, or because a child is adopted or has caring responsibilities.

Dealing with bullying Prevention

At SelaQui, we do not wait for an incident to occur but work with various stakeholders to prevent bullying. The school

staff proactively gathers intelligence about issues amongst pupils which might provoke conflict and develop strategies to prevent bullying from occurring in the first place. This involves talking to pupils during tutorial meetings, in the morning assembly, through counseling and to work in projects together. The Housemasters work closely with tutors and counsellor in preventing and resolving the issue. The emphasis is always to differentiate between behavior and the pupil and not to club them together. It is mandatory for every employee at SelaQui to undergo workshops and training programmes on bullying and good behavior.

Intervention

The school also applies disciplinary measures to pupils who bully in order to show clearly that their behavior is wrong. Disciplinary measures are applied fairly, consistently, and reasonably taking account of any special educational needs or disabilities that the pupils may have and taking into account the needs of vulnerable pupils. However, an attempt is made to counsel children on the consequences of bullying. Disciplinary measures include but are not restricted to deducting pocket money, canceling tuck & outings, community service in school and outside school, Sunday detention as well as in serious cases suspension and expulsion depending upon the severity of the offence. The school works closely with parents and other stakeholders in

driving this point home. Pupils will learn best in a safe and calm environment that is free from disruption and in which education is the primary focus and SelaQui school is committed to providing this to every child.

If an individual has been spectator to an incident of bullying, he/she is responsible for reporting the same as, legally not doing so amounts to abetment of the offence.
