 - **On a political map of India mark 29 states of India and write down their capitals.**
 - Make a poster on "save nature".
 - Using waste materials prepare.

TIN CAN LANTERNS IDEA- NURAAN

Turn that old bean or soda can into a beautiful lantern for the festive season. Your little one will need your help with this one.

WHAT WASTE YOU NEED:

- Tin can
- Hammer
- Wire
- Nail
- Pliers
- Lights
- Paint

WHAT TO DO OUT OF THESE:

1. Wash and clean the tin can and let it dry.
2. Fill the can with water and put it in the freezer for some time.
3. Remove the can from the freezer and then poke two holes in the can, one on each side.
4. Use the wire to make a handle attaching it to the two holes
5. Make various holes around the can with hammer and nails. You can choose to create a pattern of holes or just be random.
6. Paint the inside and outside of the cans in fun, vibrant colors.
7. Once it's all dry, you can put fairy lights or tea light candles in them to turn them into lanterns.

SOCK PUPPETS IDEA (JAIVARDHAN)

Turn every bedtime story into a puppet show with simple puppets made out of socks. They can be customized to look like your child's favorite character too.

WHAT WASTE YOU NEED:

- Two socks - plain or printed
- Googly eyes or buttons
- Wool
- Wool needle
- Sewing thread
- Scissors Glue

WHAT TO DO OUT OF THESE:

1. Wash and dry the socks properly.
2. Stick or sew the googly eyes or the buttons on the heel of the socks. Put 2 eyes per sock.
3. Use strips of wool to make the puppet's hair.
4. Sew the hair on top of the sock above the eyes.
5. Put them in your hands and the puppets are ready for a show.

THE BEACH IN A BOTTLE IDEA

The next time you're on a beach, bring it back home with you in a plastic bottle. This is probably one of the best out of waste ideas from plastic bottles, here's how:

WHAT WASTE YOU NEED:

- Big plastic bottle
- Water
- Blue food coloring
- Oil
- Rocks
- Seashells
- Sand
- Glue

WHAT TO DO OUT OF THESE:

1. Scrub the plastic bottle clean till the label and any residual glue are gone.
2. Fill the bottle with enough sand to cover one side if the bottle is tilted horizontally.
3. Add some small sea shells and rocks.
4. Mix some water with blue coloring till you get a color like the blue of the ocean.
5. Pour the blue water into the bottle with the sand till it's about 2/3 parts full and pour oil into the remaining 1/3rd part of the bottle.
6. Glue the cap of the bottle so that it cannot be opened and leave it to dry.
7. Tilt your bottle to see the beach and ocean whenever you want to.

PHYSICAL EDUCATION

GAME/ SPORTS OF YOUR CHOICE (IN FILE)

1. History of the Game/Sports.
2. Diagram of the field/court/ground etc.
3. Rules & Regulations **(Any Five)**.
4. Terminology **(Any Five)**.
5. Skills any Two.
6. National Player **(Any Five)**.
7. International Player **(Any Five)**.
