January 16, 2022

Dear Parents,

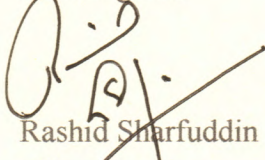

Greetings from SelaQui!

I trust all of you are doing well. I am writing to inform you about a few decisions that we have taken in light of growing concerns about the spread of new variants and rising cases in the country. While I do agree it is a matter of concern, I also believe that it's important for children to get back to physical classes as soon as possible to carry on the momentum gained from August and bridge learning gaps identified in the last term. I am also aware that despite all the precautions, we will have a few cases and we must be prepared for that when the school reopens. After, all we have to learn to live with the virus and I am hoping that large scale vaccination will help us to meander through this pandemic in the coming months.

1. **We have decided to postpone reporting of students to school till the end of January.** We will reassess the situation again and will let you know about their return date in February. We will give at least one week notice on this. Kindly book tickets accordingly.
2. Kindly make sure that the first and second dose of vaccination is administered to all the eligible children.
3. All classes will start their online classes from 24th January according to the academic schedule that will be circulated by the Senior Master – Academics. A copy will be posted in the parent's group by Thursday.
4. Kindly pay your outstanding fee by Thursday, 20th January 2022.
5. Following my meeting with parents of classes 9 to 12, I will meet the parents of junior classes on 23rd January at 6:30 pm on Microsoft Team.
6. Kindly counsel your children on adolescence and relationship issues. Its important that we make them understand
7. Please encourage your children to use the Mindler platform for having a greater understanding of their college plans (classes 9 to 12)
8. You should also be prepared for a change of plans at short notice.

I hope you will find this in order and we look forward to navigating these challenging times with your support and blessings.

Kind regards

Rashid Sharfuddin
